

# CanadaDocks™

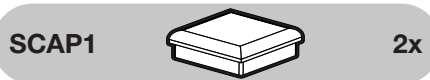

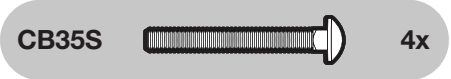

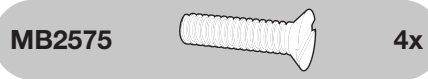

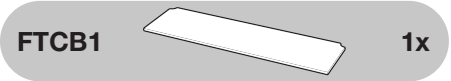

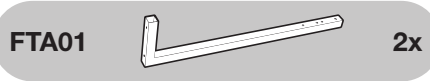

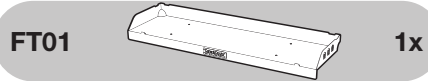

Where *fun* on the water *begins!*

## Docksider Fillet Table

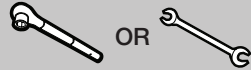

Read this manual and related assembly instructions before attempting to assemble the parts enclosed to ensure that your new CanadaDocks System is assembled safely and correctly.

## INCLUDED IN KIT:

## Tools Required:

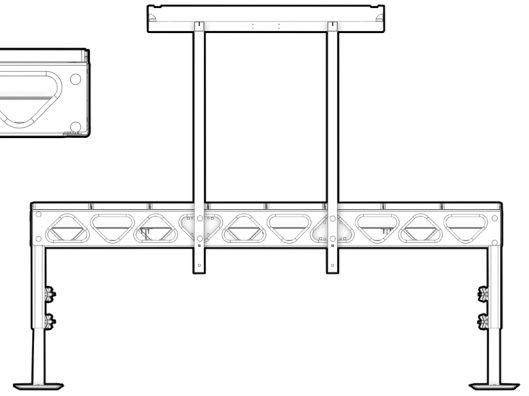

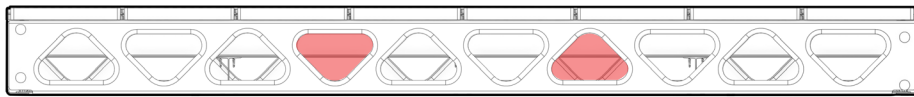

9/16" SOCKET WITH RATCHET TO  
SUIT OR 9/16" WRENCH

Phillips Screwdriver  
Flat Head

1

Determine where you would like to install your Dockside Fillet table.

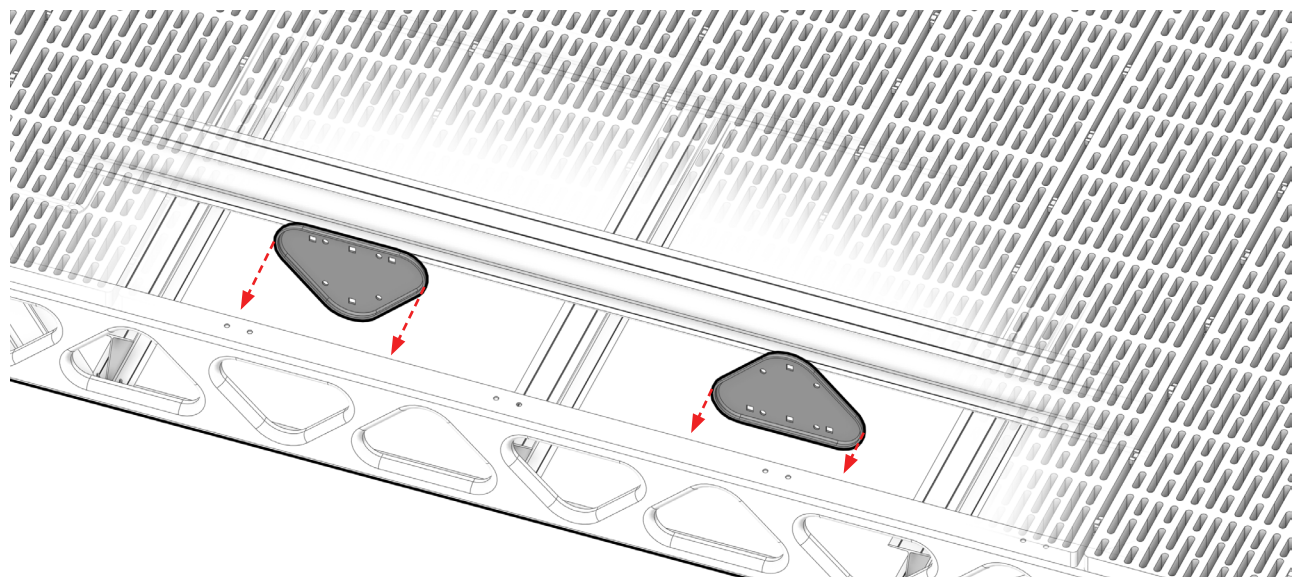

**PLEASE NOTE:** Locations must include 4 triangles, with 2 inbetween bracket plate locations.

2

TPU1

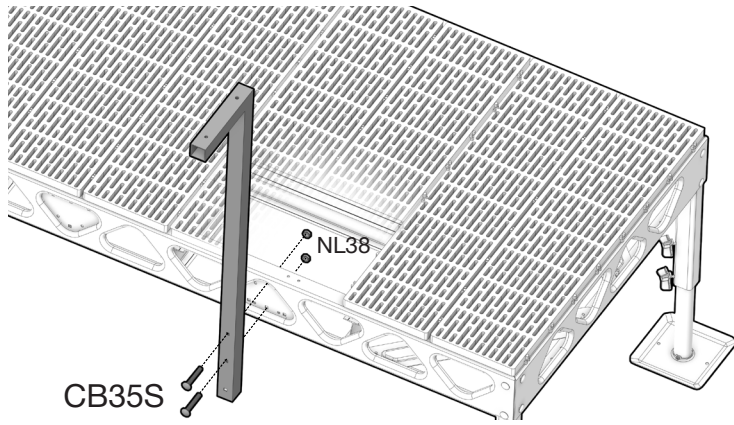

2x

Place triangle backing plates (TPU1) in the chosen locations from **STEP 1**.

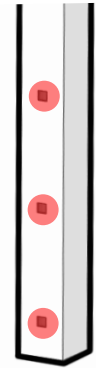

3

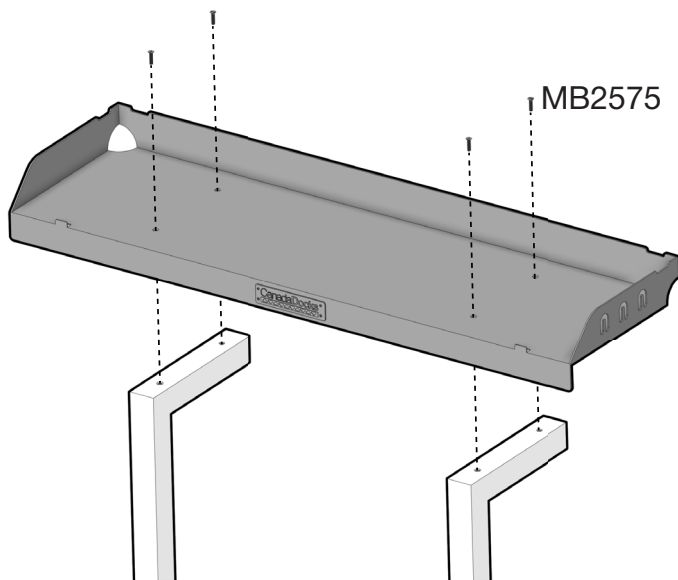

- FTA01  2x
- CB35S  4x
- NL38  4x

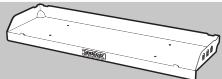

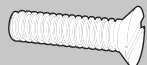

Install arms in the triangle backing plates (**TPU1**) using the provided hardware. Repeat for the 2nd backing plate from **STEP 2**.

**PLEASE NOTE:** Ensure the arms are installed in the correct orientation as seen above and hardware is tightened.

4

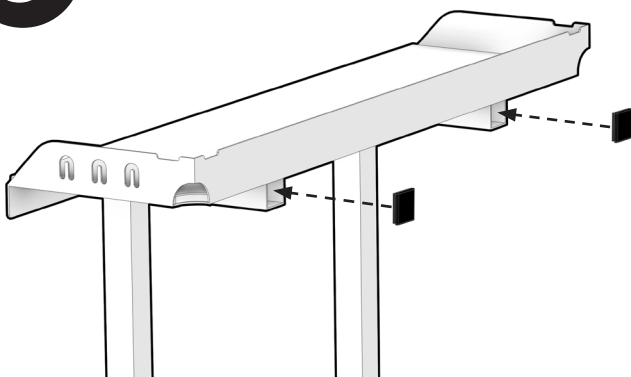

- FT01  1x
- MB2575  4x

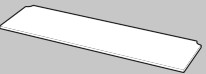

Install the table top (**FT01**) onto the arms (**FTA01**) by inserting the bolts in the threaded holes as seen to the side.

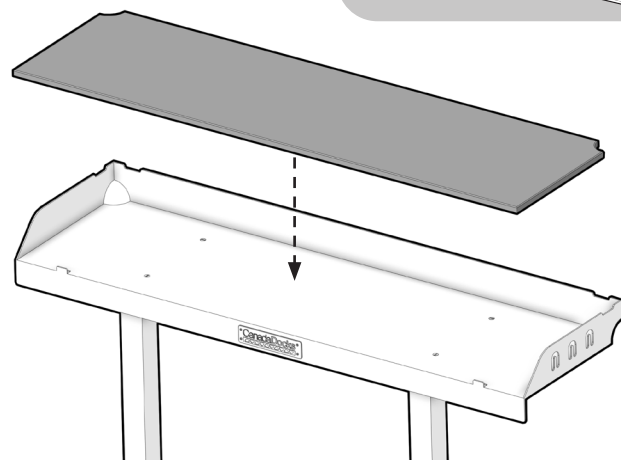

**PLEASE NOTE:** Ensure the front of the table top is facing the inside of the dock.

5

Insert Caps (**SCAP1**).

- SCAP1  2x
- FTCB1  1x

Place the cutting board down (**FTCB1**) into the table top.
