

INCLUDED IN KIT:

SLR1

x1

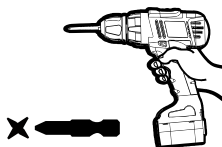

STR1

x2

TOOLS REQUIRED:

Drill with #3 Phillips Driver Bit

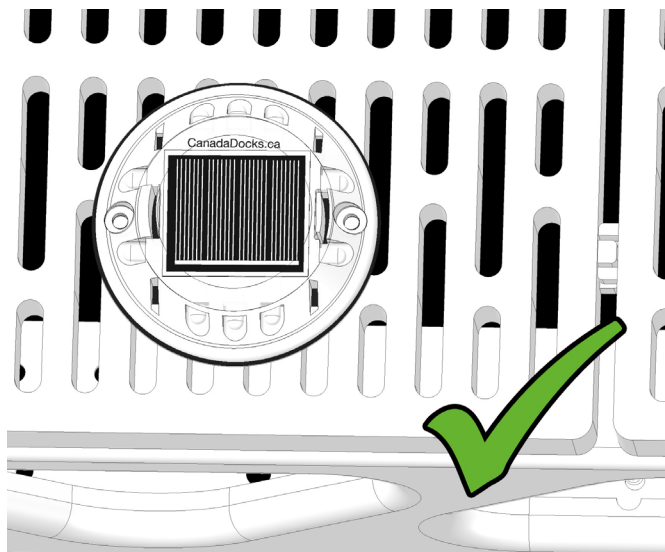

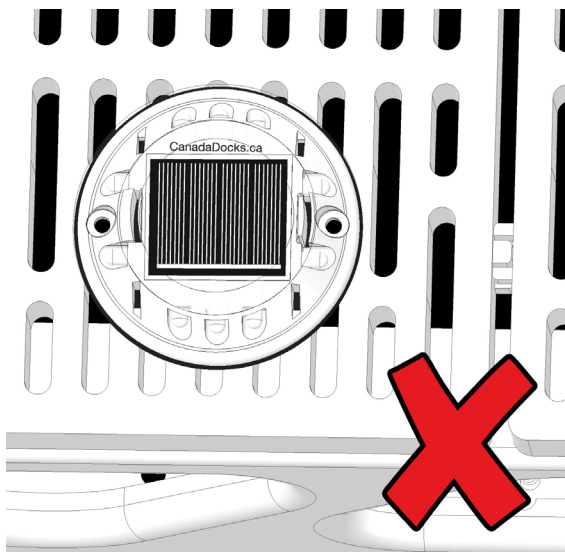

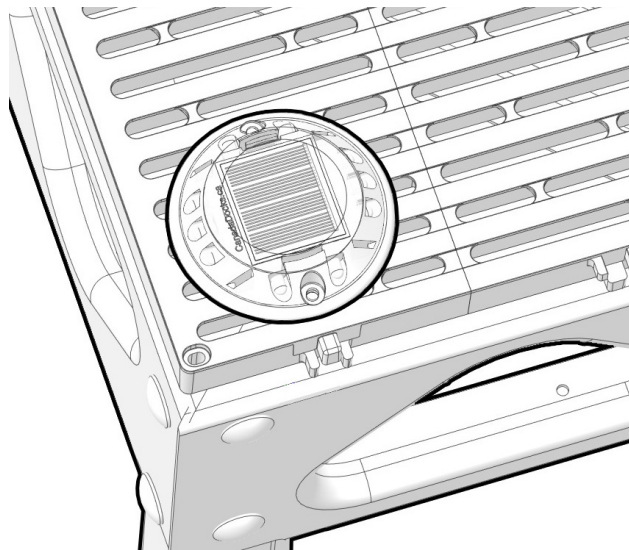

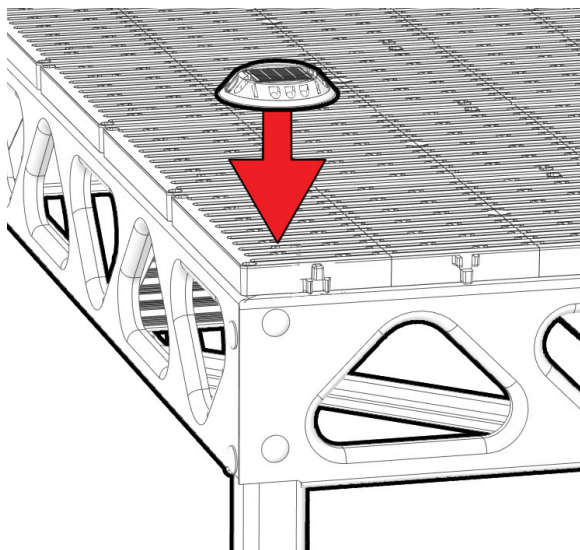

1

SLR1

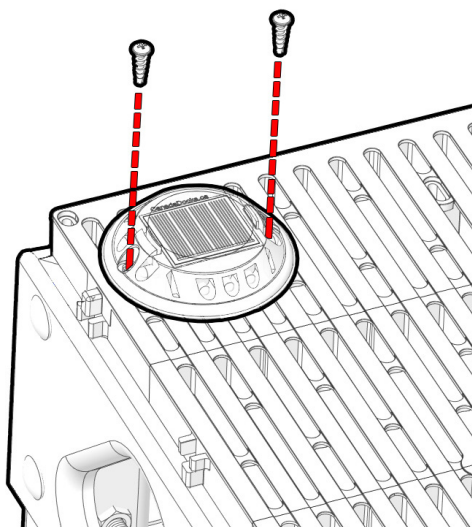

x1

Place the solar light in a suitable location on the decking. Ensure the solar light is positioned so both screw holes are on top of a solid backing for fastening.

2

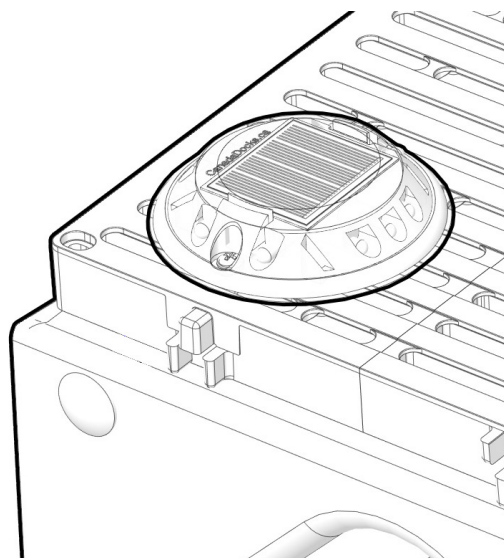

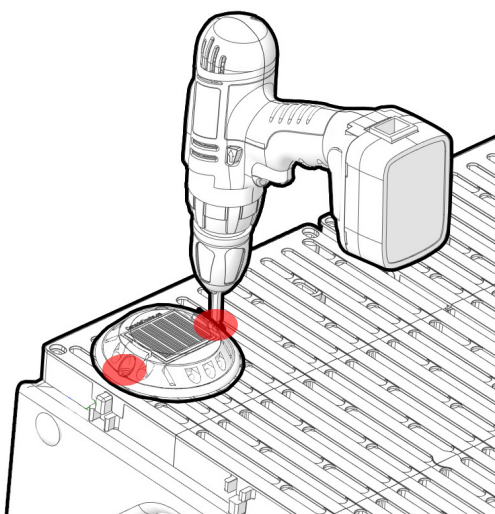

STR1

x2

3

Repeat Steps 1-3 for any additional lights added to your dock.

Enjoy!
