9/16" SOCKET WITH RATCHET TO  
SUIT OR 9/16" WRENCH

OR

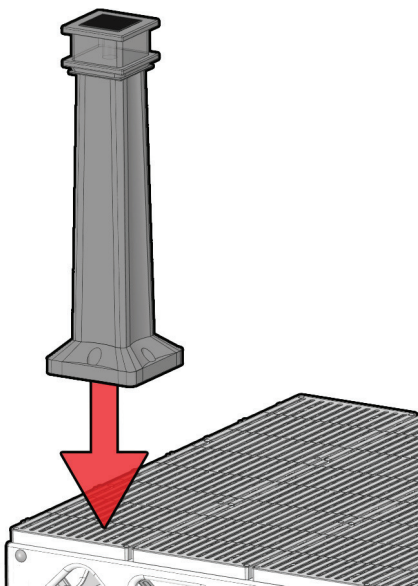

DRIVER

13/32"  
DRILL BIT

1

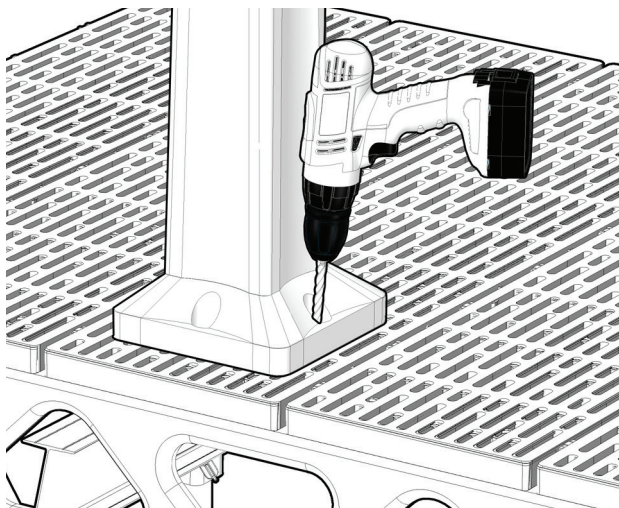

SLPO1

1x

Find an appropriate spot on your dock that will accommodate the solar light post and will not interfere with any other dock accessories.

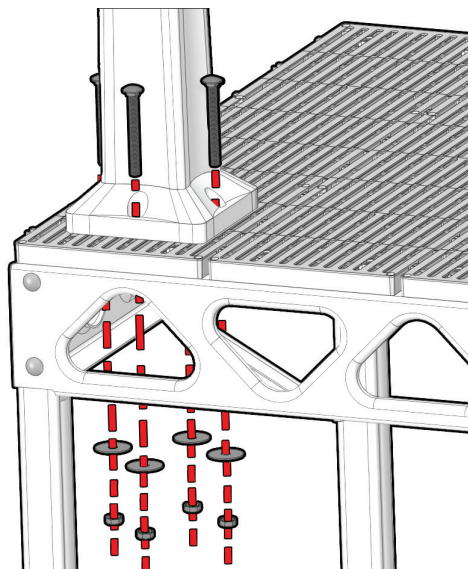

2

Depending on where you want your solar post on the dock it may be necessary to drill some holes to accommodate the bolts that secure the assembly.

Alternatively you can move around the post to line up its bolt holes with the openings of the decking.

3

W3

4x

CB35S

4x

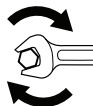

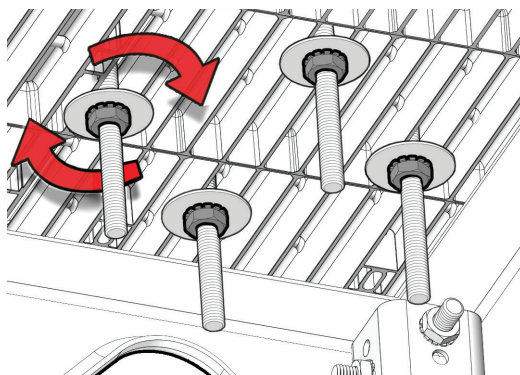

NL38

4x

Insert 4 carriage bolts (CB35S) into the holes on the solar light post and through the decking.

4

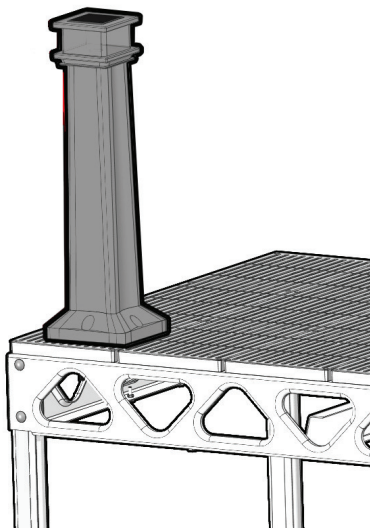

DO NOT OVERTIGHTEN

Tighten all 4 lock nuts (NL38) from below the decking until the solar light post is secure

**PLEASE NOTE:** Do not overtighten the nuts and bolts as this may cause damage to your dock.
