9/16" SOCKET WITH RATCHET TO SUIT  
OR 9/16" BOX WRENCH

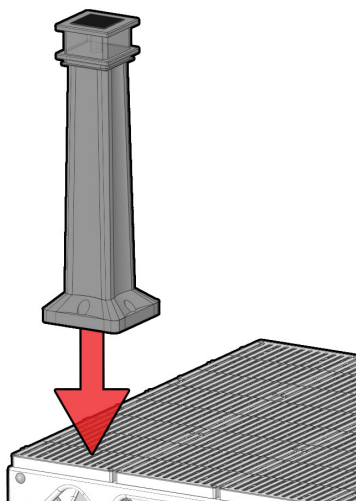

OR

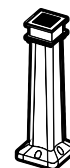

DRIVER WITH 13/32" DRILL BIT

1

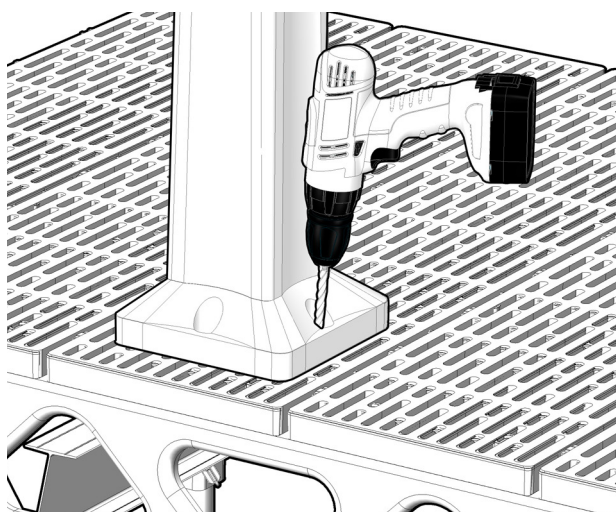

SLP01

x1

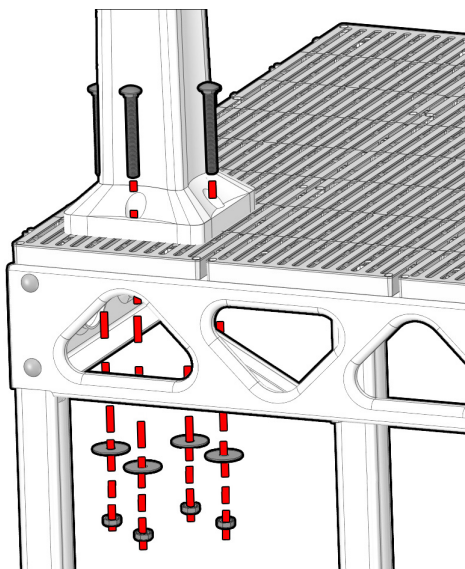

Find an appropriate spot on your dock that will accommodate the solar light post and will not interfere with other dock accessories.

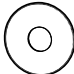

2

Depending on where you mount your solar post on the dock it may be necessary to drill some holes to accommodate the bolts that secure the post.

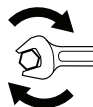

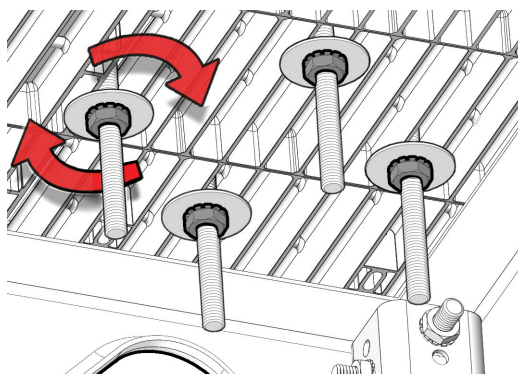

3

- |       |   |    |
|-------|---|----|
| W2    |  | x4 |
| CB35S |  | x4 |
| NL38  |  | x4 |

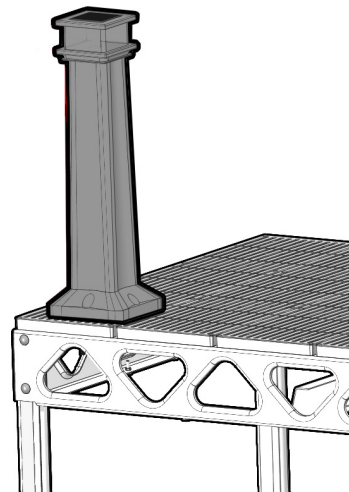

Insert 4 Carriage Bolts (CB35S) into the holes on the Solar Light Post and through the decking. Install Solar Light Post using Carriage Bolts(CB35S), Washers(W2), and Lock Nuts(NL38).

4

DO NOT OVERTIGHTEN

5

Tighten all 4 locks nuts(NL38) from below the decking until Solar Light Post is secure.

**PLEASE NOTE:** Do not overtighten the nuts and bolts as this could cause damage to your dock.
